

Accela Catalog Brief Introduction

Accela ChemBio focus on design, synthesis, manufacture R&D chemicals and pharmaceutical intermediates for worldwide scientific research institutions and industrial development corporations. Since founding in 2007, Accela ChemBio Inc. (ASD) and Accela ChemBio Co. Ltd. (ACC) are providing high-quality, innovative products to over 3,000+ valuable customers in 38 countries. We run ISO9001 Quality System daily, and certified by Tüv since 2010.

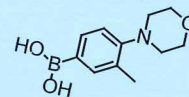

Accela owns 2,000 m² R&D Bldg and 10,000 m² Pilot plant, suitable for synthetic and process chemistry research, kilo-production, and manufacturing. We are fully equipped with databases and analytical instruments to ensure research and product quality. Management team has had extensive expertise and excellent track records in synthetic & process chemistry, discovery, project management, CRO, QC/QA, pilot plant, and GMP manufacturing. We are confident to satisfy dependable and sustainable sourcing demands.

Our products are novel with drug-like properties; 18,000+ products 11,000+ in stock, 2000+ unique; Over 2,000+ new addition annually; 130+ Compound Series, specialize in Heterocyclic Building Blocks, others including Acids, Amines, Boronates, Chiral, Fluorinated & Halides. Accelachem.com carries shopping cart, new products, dynamic stock and prices, SDS, as well as COA & spectra for every batch.

Search over 18k compound structures at **accelachem.com** on any platforms today!

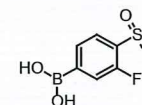

Boronic Acids, Esters & Salts

SY008002

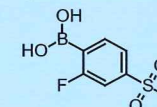

3-Methyl-4-morpholinophenylboronic Acid
